rodney™

reddot design award
product design 2009

DID YOU KNOW?

Though we don't like to blow our own trumpet, Rodney recently won the Red Dot award which is an internationally recognised quality label for excellent design.

ALL IN ONE

Rodney technical specifications...

- Maximum monitor weight: 8.5kg (18.7lbs)
- Arm reach: 90mm to 492mm (3.5" to 19.4")
- Vertical adjustment: 160mm (6.3") (fig A)
- Monitor head: 14° upward tilt, 10° downward tilt (fig B)
- VESA 75 and 100 compliant
- Rodney is available in silver, white and black

Rodney is our new award winning monitor arm. It offers a single 'all in one box' solution including a desk clamp and cable management facility with no need for a separate arm and post. Rodney is also environmentally friendly, using less material and packaging.

Rodney: rewriting the rules.
